Love's Travel Stops & Country Stores Selects FuelQuest's ZyTax Enterprise Compliance Solution to Streamline Retail and Wholesale Excise Tax Filing

Houston, TX — August 28, 2006 — FuelQuest, Inc., the leading on-demand software and services company for the downstream energy industry, announced today that Love's Travel Stops & Country Stores, Inc. has chosen FuelQuest's ZyTax Enterprise Compliance solution to augment its excise tax filing requirements.

An industry leader with sizable wholesale and retail divisions, Love's is required to calculate complex excise tax filings on a monthly basis. With FuelQuest's ZyTax Enterprise Compliance module in place, Love's will be able to automate and centralize the preparation and filing of its monthly returns electronically. The solution ensures accurate and efficient tax filings and keeps Love's up-to-date with current tax reporting requirements in all of its tax jurisdictions around the country.

"The Enterprise Compliance solution allows us to have one centralized platform that electronically files consolidated returns for our wholesale and retail divisions," said Shane Wharton, vice president of accounting for Love's. "The solution ensures our filings are accurate and compliant with all state and federal standards to reduce our risk and exposure to potential penalties."

By replacing a series of manual processes and data feeds, the solution enables Love's to rapidly adapt to the filing requirements of additional markets by deploying a single source tool throughout its coast-to-coast operations.

"FuelQuest's ZyTax Enterprise solution provides Love's with powerful, accurate and reliable compliance and reporting capabilities," said John Beaty, vice president-global tax solutions for FuelQuest. "With more than 180 retail locations and a highly successful wholesale operation, our Enterprise Compliance solution will support Love's growth initiatives and allow the accounting department to focus on more value-added activities."

More About Love's

3,600 people in 180 locations across 30 states. Love's is headquartered in Oklahoma City, Oklahoma. Love's Travel Stops & Country Stores, Inc. operates more than 110 truck stops throughout a swath of about 28 states from California to Virginia, as well as 67 convenience stores in Colorado, Kansas, New Mexico and Oklahoma. Each travel stop includes a convenience store, a quick serve restaurant, such as Subway, Arby's, Carl's Jr, Hardee's, and fuel outlets for cars, trucks, and RVs. Love's has had tremendous growth rising from \$1 billion in annual sales in 2001 to over \$3 billion in 2005. Love's debuted at #446 on Forbes's list of privately-held companies and has risen to #132 in 2004.
